When did you begin serving MAP? During MAP 1

Why do you work with MAP? "I believe that most people in Muncie care as much as I do seeing it thrive and provide a rewarding quality of life for everyone. MAP lets everyone have a voice in planning for that future and helps everyone find a way to contribute. We're all in this together, and together we can make it happen."

Favorite Travel Destinations: "Both my favorite travel destinations (so far) begin with "I": Italy and Iceland. Just hand me a plane ticket..."

"I love Muncie because it's big enough to have great events and institutions, yet small enough to have friendly people, an affordable cost of living, and access to nature—a great town in a small package!"
