The community has spoken: MAP3 results are here!

MAP3 continues to seek answers to the question, *"What is needed for Muncie to be the best it can be in the coming years?"* The Action Plan continually adapts as the Muncie community transforms and MAP initiatives are accomplished. It is hoped that MAP3 will help continue a holistic and collaborative plan for the future of the city.

The third Muncie Action Plan (MAP3) is the result of a resident-driven planning process started in December 2017 and completed in August 2018. MAP3 builds off MAP1 (2010) and MAP2 (2013).

MAP's three strategies for implementing the Actions are direct action, facilitating collaborative efforts between individuals and groups, and recognizing the good work of many hearts and hands in all areas of Muncie.

MAP3 indicated the following Actions still need more work in Muncie. Each Action is organized under one of the five Task Forces and accompanied by at least one strategy for implementation.
